

## I Love Popcorn

Out and about, I stumbled across this cute little shop that caught my eye. This dazzling beauty behind the counter created I Love Popcorn and has run the place by herself for about a year. Sarah Conrow, a native of Dallas started out with her Grandmother's

caramel recipe making popcorn out of a church kitchen. Offering customized tins and 30 different flavors of popcorn from pina colada to lemon – and the colors to match - the blueberry popcorn is really blue and grape flavored popcorn is really purple. With her Grandmother passing away this past Spring of Alzheimer's, she donates 10% proceeds of each tin to the Alzheimer's Association. Cute idea, sweet owner and the caramel popcorn is the best I've ever had. [www.ilovepopcorn.com](http://www.ilovepopcorn.com)
